2. Pride in Vancouver: Strengthening and Celebrating the Vancouver Pride Festival

The Committee heard from three speakers in support of the motion.

MOVED by Councillor Bligh
SECONDED by Councillor Kirby-Yung

THAT the Committee recommend to Council

WHEREAS

- 1. The Vancouver Pride Society is a long-standing and important partner of the City, particularly through the production of the Pride Festival, Parade, and other related events and community programming that provides a sense of community, gathering, and celebration of the 2SLGBTQIA+ community in Vancouver;
- 2. The City of Vancouver has consistently supported the Vancouver Pride Society and the production of various pride events, particularly through the City's Special Event Framework, annual cultural project grants, public safety and operational

coordination, as well as the February 2025 Motion “Bringing Back The Block Party: Supporting Davie Village and Vancouver Pride Celebrations,” and the December 2025 Motion “Cementing the City of Vancouver’s Support for Pride Weekend”;

3. In a time when many residents are facing increasing challenges with affordability and a high cost of living, supporting events such as those produced by the Vancouver Pride Society can encourage greater community connection and vibrancy;
4. Many 2SLGBTQIA+ individuals are facing a greater level of hate and discrimination in recent years, with police-reported hate crimes related to sexual orientation increasing considerably since 2018¹;
5. In 2025, the Pride Parade alone was attended by over 100,000 attendees,² and festivities included the return of the Davie Village Pride Festival for the first time since 2019, supported by the aforementioned February 2025 Motion³;
6. The Vancouver Pride Society parade and festival deliver significant economic, tourism, and cultural benefits to the City of Vancouver, with an estimated total economic impact of nearly \$30 million in 2025,⁴ with the federal government describing Vancouver Pride as a “marquee celebration”⁵ that attracts hundreds of thousands of attendees and additional visitors from across Canada and internationally;
7. The April 2026 Motion, titled “Creating a City of Vancouver Festival Support Fund,” does seek to address several issues with regard to funding shortfalls for vibrant events in Vancouver, including Vancouver Pride, a report back with recommendations on this support fund is not scheduled until Q3 2026,⁶ with tangible supports unlikely to appear in advance of the 2026 Pride Festival;
8. The Vancouver Pride Society has identified significant funding shortfalls and a reduction in sponsorships,⁷ both of which put the production of 2026 Pride Programming at significant risk; and

9. Council has supported several events in 2026 with one-time grants to improve community wellbeing and preserve a vibrant city, including a one-time grant of up to \$30,000 for Car Free Days,⁸ a one-time grant of up to \$45,000 for the Vaisakhi Parade and Festival,⁹ a one-time grant of up to \$60,000 for the 2026 Lunar New Year Gala,¹⁰ a one-time grant of up to \$60,000 to the Italian Day Festival Society,¹¹ and a one-time grant of up to \$300,000 to the Downtown Vancouver Business Improvement Association for Granville Street Activation during the 2026 FIFA World Cup¹².

THEREFORE BE IT RESOLVED

- A. THAT Council approve a one-time extraordinary grant of up to \$75,000 from the City's 2026 Operating Budget, or another funding source deemed appropriate by the General Manager of Finance, to the Vancouver Pride Society to assist with costs associated with organizing and delivering Vancouver Pride 2026;

FURTHER THAT this grant support is extraordinary and one-time in nature intended solely to address the unique circumstances arising this year.

- B. THAT Council delegate its authority to execute any grant agreement for the associated amount that includes terms and conditions that are consistent with the intentions of the above-noted motion, that satisfy the City's Director of Legal Services, and that disburse the grant described in the same motion to the City Manager (or their designate).
- C. THAT no legal rights or obligations will arise or be created by Council's adoption of the recommendations herein unless and until all legal documentation has been executed and delivered by the respective parties.

AMENDMENT MOVED by Councillor Bligh

THAT the following be added at the end of A:

At 1:58 pm, prior to the amendment receiving a seconder, the Chair called a recess to consult with staff to determine whether the amendment was in order. The amendment having been withdrawn, the motion was put and CARRIED UNANIMOUSLY AND A BY THE REQUIRED MAJORITY (Vote No. 11709), with Councillors Klassen and Meiszner absent for the vote.

FINAL MOTION AS APPROVED

- A. THAT Council approve a one-time extraordinary grant of up to \$75,000 from the City's 2026 Operating Budget, or another funding source deemed appropriate by the General Manager of Finance, to the Vancouver Pride Society to assist with costs associated with organizing and delivering Vancouver Pride 2026;

3. Protecting Tenants at 75 East 8th Avenue Through the Tenant Relocation and Protection Policy Review

The Committee heard from five speakers in support, and one speaker who spoke to other aspects of the motion.

MOVED by Councillor Orr
SECONDED by Councillor Fry

THAT the Committee recommend to Council

WHEREAS

1. The City of Vancouver is currently reviewing the Tenant Relocation and Protection Policy (TRPP) to strengthen tenant protections and address displacement pressures;
2. The current TRPP framework may not provide full protections, including right of first refusal provisions, when existing rental housing is replaced with hotel or other non-permanent accommodation uses;
3. The loss of existing rental housing in Mount Pleasant will contribute to displacement of long-term residents from their neighbourhood and community supports; and
4. The City has already met or exceeded existing hotel room growth targets while continuing to face an ongoing rental housing affordability and displacement crisis.

THEREFORE BE IT RESOLVED

- A. THAT Council direct staff, as part of the current Tenant Relocation and Protection Policy review, to report back with recommendations to ensure tenant protections, including right of first refusal provisions, apply where existing rental housing is replaced with hotel or other non-permanent accommodation uses.
- B. THAT Council direct staff to report back on options to close gaps in tenant protections that may allow redevelopment projects to circumvent the intent of the City's anti-displacement policies.

referred

REFERRAL MOVED by Councillor Montague
SECONDED by Councillor Kirby-Yung

THAT Council refer the Motion entitled "Protecting Tenants at 75 East 8th Avenue Through the Tenant Relocation and Protection Policy Review to staff for information as part of their ongoing review.

withdrawn

At 2:31 pm, Councillor Fry rose on a point of order under section 8.7(f) of the *Procedure By-law*, stating that the referral above was dilatory and frivolous as the operative direction of the motion was for referral to staff for review as part of the scheduled TRPP review and report back, and should therefore be ruled out of order.

Following a brief recess, and after consulting with staff, the Chair ruled the referral motion in order, noting that it referred the matter to staff as part of an existing review, whereas the motion provided prescriptive direction.

At this point in the proceedings, it was

THAT, under Section 8.4 of the *Procedure By-law*, the referral motion be withdrawn.

4. Advancing Means Prevention Fencing on the Granville Street Bridge

The Committee heard from four speakers in support of the motion.

MOVED by Councillor Dominato
SECONDED by Councillor Zhou

THAT the Committee recommend to Council

WHEREAS

1. The Granville Street Bridge is a known location for suicide attempts and deaths, and each loss of life has a profound impact on families, first responders, and the broader community;
2. Means prevention fencing at known high-risk locations is widely recognized as one of the most effective suicide prevention interventions, and evidence from bridge barrier installations in other jurisdictions has demonstrated significant reductions in suicide deaths;
3. The installation of suicide prevention barriers on the Burrard Bridge has resulted in no known suicide deaths from that bridge since barriers were installed in 2017;
4. In July 2024, Vancouver City Council approved \$300,000 in funding to undertake conceptual design and costing work for means prevention fencing on the Granville Street Bridge in order to better define the scope and cost of the project;
5. The City has not yet confirmed the total cost of installing means prevention fencing, and previous estimates referenced in public discussions remain preliminary and unverified; and
6. In the 2027–2030 Capital Plan update, staff recommended that no City funding be allocated for construction at this time, citing broader capital funding constraints, while continuing work to complete the conceptual design and support advocacy to senior levels of government.

THEREFORE BE IT RESOLVED

- A. THAT Council reaffirm its commitment to installing means prevention infrastructure on the Granville Street Bridge as a critical public safety and suicide prevention measure.
- B. THAT Council direct staff to prioritize inclusion of means prevention infrastructure on the Granville Street Bridge within the draft 2027–2030 Capital Plan, with anticipated city and senior government partner contributions.
- C. THAT Council direct staff to expedite completion of the conceptual design and costing work currently underway and report back to Council as soon as possible with:
 - a. A confirmed cost estimate for the installation of means prevention infrastructure;

- b. Recommended design options including short term, interim measures to address bridge areas having the highest need;
 - c. A proposed implementation schedule; and
 - d. Cost sharing scenarios.
- D. THAT Council direct staff to engage with the Government of British Columbia and the Government of Canada to seek cost-sharing contributions to support the design and construction of means prevention infrastructure on the Granville Street Bridge.
- E. THAT the Mayor write to the Premier of British Columbia and the Prime Minister of Canada requesting their governments' partnership in funding this evidence-based suicide prevention initiative to help prevent further loss of life.

5. More than Zero: Integrity and Accountability for Staff and Department Changes

The Committee heard from seven speakers in support of the motion.

MOVED by Councillor Orr

SECONDED by Councillor Maloney

THAT the Committee recommend to Council

WHEREAS

1. The City of Vancouver's 2026 budget has significantly impacted operations at the City of Vancouver, including significant impacts on City staff;
2. Since at least January 1, 2024, the City has undertaken staffing and operational changes in anticipation of, or in response to, 2026 budget pressures. These actions may include layoffs, position eliminations, vacancy freezes, reclassifications, hours reductions, and the contracting out of previously in-house functions;
3. Many of these changes have occurred without explicit Council direction or public disclosure, and residents, workers, and elected officials lack a clear and comprehensive account of what has been cut, reduced, or restructured; and

4. Transparency about the scope and impact of these changes is necessary for Council to exercise its oversight responsibilities, and for the public to assess the impact of budget decisions in a democracy.

THEREFORE BE IT RESOLVED

- A. THAT Council direct the City Manager to produce a public, non-confidential written report to Council within 10 days of adoption of this motion, comprehensively disclosing all staffing and operational changes made across all City departments and functions between January 1, 2024, and the date of this motion that relate to meeting budget targets, including but not limited to:
 1. Positions eliminated or delisted;
 2. Layoffs and terminations;
 3. Vacancy freezes (positions left unfilled by policy or direction);
 4. Reductions to hours or employment status;
 5. Reclassifications resulting in reduced compensation or scope;
 6. Functions, services, or work contracted out to external providers; and
 7. Any other measures that reduced the City's workforce or service delivery capacity.
- B. THAT the report identify, for each change: the department affected, the nature of the change, the number of positions or workers affected, the date the change was implemented or directed, and the estimated annual budget impact.
- C. THAT the report disclose all City departments, teams, projects, and tasks ended, defunded, or paused during this period, and the estimated annual budget impact.
- D. THAT the report disclose all new costs incurred, including subcontracts and automation, to complete work previously done by staff.
- E. THAT no information in this report be withheld on the basis of budgetary confidentiality, and that the report be made available to the public upon tabling.
