

Park Board General Manager's Report

April 13, 2026

The following report is intended to provide an overview and update on recent and upcoming activities within the Park Board.

Jonathan Rogers Park Improvements

Jonathan Rogers Park is a neighbourhood park in the Mount Pleasant Neighbourhood, within the Broadway Plan area. Increasing population growth and limited green space puts pressure on existing and aged park amenities, requiring updates to meet current and future demand while keeping a park that is welcoming and accessible for all. The project is exploring updates such as a renewed and more inclusive playground, improved accessibility, and a fenced dog off leash area, while maintaining the community garden and open spaces for recreation, social gathering, and community events.

This update is to inform the Board that public engagement on the draft concept plan will take place from April 14 to May 3. Engagement activities include an on-site popup event on April 18 from 11:00 a.m. to 2:00 p.m., a Shape Your City page and online survey, postcards and onsite signage, and outreach to key potential interest groups. Feedback from this engagement will inform refinements to the concept plan, which is expected to return to the Board for review and decision in Q4 2026.

Senior Scooter Rodeo

On March 6, Killarney Community Centre Association and Collingwood Community Policing Centre partnered to offer the annual Scooter Rodeo for older adults. Geared towards transportation, mobility and safety, the event is centred around an obstacle course where participants ride a provided mobility scooter through a maze of traffic cones. Volunteers guide the riders through the course where traffic police, radar and other surprises add extra levels of difficulty.

Participants were also invited to engage with officers from TransLink and the Vancouver Police Department, enjoy refreshments, and collect swag and safety information packets. Workshops on personal, transit, and pedestrian safety were also open for all attendees.
