

MOTION on NOTICE

Submitted at the Regular Park Board Meeting on April 27, 2026

Urgent Review of Beach Parking Fees, Affordability, and Accessibility at Jericho, Locarno, and Spanish Banks

SUBMITTED BY: Commissioner Haer

WHEREAS

1. Jericho Beach, Locarno Beach, and Spanish Banks are major public waterfront parks used regularly by Vancouver residents, families, seniors, people with disabilities, volunteers, community organizations, water-sport users, and visitors;
2. Affordable and accessible public beach access is a core responsibility of the Vancouver Park Board;
3. Parking remains necessary for many beach users, including seniors, people with disabilities, families with young children, and people carrying mobility devices, adaptive equipment, picnic supplies, sports equipment, paddling gear, sailing gear, or other bulky recreation equipment;
4. Paid beach parking can create a financial barrier for residents and regular park users, particularly during a period of significant cost-of-living pressure;
5. Spanish Banks parking has increased significantly in a short period of time, with the 2026 Fees and Charges schedule identifying the peak-season hourly increase from \$1.50/hour to \$4.25/hour as a 183% increase;
6. The 2026 Fees and Charges report states that Spanish Banks parking fees were increased to align more closely with Jericho Beach and to assist in achieving 2026 operating budget initiatives; and
7. Parking demand can be managed through tools other than high user fees, including time limits, no-overnight-parking enforcement, accessible drop-off, loading zones, equipment loading areas, resident spillover mitigation, improved signage, improved cycling infrastructure, and improved transit coordination.

THEREFORE BE IT RESOLVED

- A. THAT the Vancouver Park Board affirm that affordability, accessibility, and broad public access to Jericho Beach, Locarno Beach, and Spanish Banks are core public priorities;
- B. THAT the Board direct staff to conduct an urgent review of beach parking fees at Jericho Beach, Locarno Beach, and Spanish Banks and report back no later than May 25, 2026, or the next available Regular Board meeting;
- C. THAT the review include a clear implementation pathway to reduce or eliminate paid public parking fees at these beach lots, including budget implications, operating impacts, and replacement-funding options;

- D. THAT the review include immediate affordability and accessibility options for the 2026 beach season, including free or reduced parking for seniors, SPARC permit holders, Leisure Access Program users, volunteers, non-profit program users, families, and users carrying adaptive recreation, water-sport, sailing, or other bulky recreation equipment;
- E. THAT, pending the review, the Board direct staff to freeze any further parking fee increases at Jericho Beach, Locarno Beach, and Spanish Banks; and
- F. THAT the review include non-fee parking-management tools, including time limits, no-overnight enforcement, accessible drop-off areas, loading zones, equipment loading areas, emergency access protection, resident spillover mitigation, improved signage, improved cycling access, and coordination with TransLink and City staff on improved beach transit service.
