Re: 2026/2027 VSB Financial Planning Process

Dear School Trustees:

We appreciate this opportunity to provide input pursuant to the 2026/2027 VSB Financial Plan. Our comments will be brief and focus on additional hours for Supervision Aides.

As you are aware, in the current fiscal year, funds were allotted to the Supervision Aide cohort to increase 200 of the approximate 250 permanent Supervision Aides from 2.5 hours per day to 4.0 hours per day until the end of June 2026. These employees are the most cost-effective in the District, earning about \$12,000 annually and they greatly appreciate the increase in hours.

We believe this increase in hours for this group will assist schools, administrators and teachers as was experienced when this group's hours were also temporarily increased during the COVID pandemic. This expansion of hours has assisted schools in conducting various meetings with teachers who can be liberated from their classrooms by having Supervision Aide's available.

We ask that the provision of 200 SA's at 4 hours per day be continued in the 2026/2027 budget and thank you for your consideration.
